Experience

Web Developer and Assist. IT Project Manager

07/2020 to Present

Jasudo Technologies – Atlanta, GA

- Full circle WordPress development and maintenance on tight deadlines.
- Manage multiple development projects simultaneously.
- Develop original and edit existing WP themes using PHP, CSS, and HTML with occasional JavaScript to implement creative solutions requested by clients.
- Collaborate with developers, graphic designers, and managed IT.
- Experience with most page builders, including Elementor, WPBakery, Slider Revolution, etc.
- Design graphics and logos as needed.
- Communicate effectively with non-native English-speaking developers and graphic designers.
- Presenting solutions and issues in non-technical verbiage to clients.
- Project management in Jira and Asana.

Graduate Research Assistant

08/2014 to 05/2020

University of Georgia – Athens, GA

- Gathered, reviewed, and summarized literature from scientific journals and produced graphs and other scientific calculations using MS Excel, Gephi, NodeXL.
- Supported department members with administrative, research and academic assistance leading to designing and implementation of new courses such as “Playing with Robots,” “Intercultural Digital Humanities,” and “Technical Writing in the Digital Age.”
- Performed statistical, qualitative, and quantitative analysis.

Technical Research Analyst Intern

04/2018 to 08/2018

Prisma Analytics – Barcelona, Spain

- Collected and organized economic data for reports, meetings, and policies to build Q-Search, a causation-based search engine developed with Quantum Relations Principle.
- Wrote methodological and analytical reports tailored to specific project and client needs which led to increase efficiency in automated business reporting utilizing the data received from Thomson Reuters Eikon.
- Participated in weekly team meetings to develop better plans and revise proper protocols to meet objectives for automating business analysis.
- Created documentation outlining research findings for use by project managers, customers, and other marketing staff to make accurate design and development decisions for our automated reports delivery system.

Education

Master of Arts: Communication

Jun 2011

University of Babes-Bolyai - Cluj-Napoca, Romania

- Focus on media research methods. Graduated Summa Cum Laude.
